

# Home Veterinary Service

## *You Need A Vet That Comes To You!*

Your pets are important and well loved members of your family and they deserve quality medical care with minimal stress. **Home Veterinary Service**, located in Ellicott City, phone **410-461-9969**, is a mobile veterinary clinic that offers medical services and treatment for your animal in the comfort of your home!

**Home Veterinary Service** vaccinates your pets against diseases, medicates animals suffering from infections or illnesses, provides blood-work, and advises pet owners about basic care, nutrition and training. They can even hand scale your cat's teeth without anesthesia. No more struggling to get your cat into a carrier or your dog into the car. Nervous animals, multi-pet households, busy moms and the homebound all love the convenience! And when the time comes, they provide gentle, compassionate in-home euthanasia for very ill and elderly pets.

Conveniently located, these experts offer prompt, personal and skilled treatment to residents of Howard County and parts of the surrounding areas. Call for an appointment today at **410-461-9969** and let Dr. Carin Rennings and her technician, Marni, assist you! Visit **Home Veterinary Service** online for additional information about their services at [www.carinrennings.com](http://www.carinrennings.com).
